

East Dean & Friston

P a r i s h C o u n c i l

Date:	5 May 2017
Title:	Report Item 6 – Village Safety Day
By:	Cllr Stewart Fuller
Purpose of Report:	To consider if a safety day should be arranged for later in 2017
Recommendations:	To assess the support for a safety day and provide feedback to the June PCM

The holding of Safety day has been suggested by some residents and by safety-related organisations.

A Safety Day was held in the village hall a couple of years ago. Although there was a number of stalls, attendance by the public was disappointing. It is assumed that the level of support reflected the marketing of the event rather than a lack of interest.

If another Safety Day was arranged the suggested timing would be around Sept/Oct 2017.

To test the level of support for such an event contact could first be made with:-

- a) *residents* - via articles in the Parish Magazine, *Rendezvous* and website, and at the AVM
- b) *local organisations* – eg East Dean Responders, Community Watch, Chaplaincy
- c) *non-local organisations* - eg Age Concern
- d) *emergency services* - all

The PC is asked to agree in principle to arranging a Safety Day in Autumn 2017 and to assess the support for such an event from the groups listed above, and to review the matter further at the June PCM.
