

Agenda Item 12 Oct Meeting – AVM Outstanding Issues

I have attached a list of questions raised at the annual village meeting along with responses given.

There remain the following items which have not been addressed by council:

1. Speeding past the Fridays on Gilbert's Drive A request was received for speed bumps to be considered along this stretch. *Note this would, of course require an audit by ESCC (£500) and relevant permissions A pair of "Boltable" rubber sleeping policemen are around £160 plus fitting.*
2. Quarterly Newsletter A request for introduction of a newsletter. At present, information dissemination is by mailout to residents, the annual parish meeting itself and the parish magazine monthly report. Newsletters tend to be popular with residents but attract printing costs, a significant administrative overhead and an operation for "folding and stuffing" to include a physical newsletter with the parish magazine.

Proposals:

1. To consider speed bumps or refer to Beachy Head Road Group for overall speed consideration.
2. To consider the introduction of a quarterly newsletter.

Phil Burgess
Clerk to East Dean and Friston
