

Agenda Item 14 Nov Meeting – MUGA Project/Tennis Court

Notes of a recent meeting with grant funding personnel at WDC at the tennis court are attached.

A subsequent email from the SIF (Sports Infrastructure Fund) Team has made clear that area was designated as a tennis court and a MUGA would therefore not be considered. The LTA would regard this as a loss of the tennis facility. We therefore need to apply for a refurbishment of the tennis court alone. The LTA should support this and may even fund the shortfall. SIF funding is 50%

Proposal: That council should collaborate with the Cricket Club to approach the LTA and put forward a grant application for the Tennis Court refurbishment.
