

Agenda Item 15 Aug Meeting CIL Spend

CIL funding of £10,392 received from SDNP for developments within the village in previous years *must* be used this financial year or be reclaimed by SDNP.

The attached minutes from the CIL working group detail the projects which were considered.

The following projects are recommended for immediate progress:

1. Friston Pond £6400
2. White Lining Downlands £1282
3. Footpath along West side of Jevington Rd (approx. £3000)
4. 2 disabled spaces in top car park near Tiger (WDC permission required, limited spend)
5. Disabled space by East Dean Church (ESCC permission required, limited spend)
6. Disabled parking space by Friston Church – potentially a disabled drop-off. Able bodied drivers to park in NT car park on Crowlink Lane (EDFPC land, *Clerk to check with David George before proceeding*, limited spend)
7. 20 mph if permission given by ESCC (£7k expected spend already earmarked)

Proposal: To confirm the findings of the working group and authorise the above projects to proceed.

Phil Burgess

Clerk to East Dean and Friston
