

## **Agenda Item 16 – Feb Meeting**

### **Phyllis Burningham Bequest**

Final settlement of the above bequest has now been received. An amount of £1,913 was recently transferred to our account by Barwells Solicitors.

In total the bequest was £35,913 which represents just over 5% of the deceased's estate.

I have not attached the final accounts, since these details individual bequests which should not be in the public domain.

The total bequest was more than the council initially expected.

We may be able to reclaim taxation on interest paid whilst the funds were in the solicitor's client account. I will pursue this, but it only amounts to £116.

**Proposal:** Council may wish to consider naming a facility or asset within the village in memory of Phyllis Burningham or to defer for future consideration.

Phil Burgess

Clerk to East Dean and Friston
