

Agenda Item 18 - Oct Meeting

Downs View Lane

This item was covered in relation to mowing at the August Meeting, minute ref 2141 where a single annual winter cut was agreed.

At least one resident has agreed with Grants of Eastbourne that their lawns will not be mown. If I am approached by any more residents, I will put them in touch with Stuart Haffenden to arrange.

Cllr Greenway has noted that garden waste, tree limbs and even rubble has been deposited on the bank area. This constitutes fly-tipping. It will require the bank to be cleared before the contractor can mow the area over winter.

The land is actually owned by Eastbourne Borough Council

Proposal: To consider the following:

1. Warning letters to residents outlining the penalties for fly-tipping or a meeting with residents there.
2. Signage on the bank.

Phil Burgess

Clerk to East Dean and Friston
