

Agenda Item 18 Aug Meeting – Overgrown Verge on Gilbert’s Drive

This issue was raised by Mr Gilbert-Davies at a meeting regarding recreation ground maintenance. The pictured verge looks to have been untended for some time and will require tree surgery as well as scrub clearance before re-seeding and maintaining along with our other verges.

The verge is on unregistered land opposite the entrance to the garages (between Mary Ann Lane and the Fridays). Photo attached. As the verge is unregistered it falls within ESCC responsibility which is delegated to the Parish Council to mow.

Proposals: To consider engaging a tree surgeon and digger driver for this and the following agenda item regarding recreation ground maintenance. (Note there is £500 remaining in the tree maintenance budget and £750 in the Extras budget which is sometimes used for additional cuts)

Phil Burgess
Clerk to East Dean and Friston
