

### **Agenda Item 25 May Meeting – Wildflower Planting**

The Neighbourhood plan identified a need for additional planting within verges and local green spaces (Non-policy actions P63 item 4).

The Greensward Company has already set aside an area for this.

The council needs to identify suitable areas for planting.

The verges on Michel Dene Rd between the A259 and the junction with Wenthill Close have been suggested as a possible site.

A budget of £3270 has been allocated this year for environmental project support

**Proposal:** Suggestions requested for wildflower planting

Phil Burgess

Clerk to East Dean and Friston
