

IMPORTANT ROADWORKS INFORMATION

13 May 2025

A259, East Dean Road, Exceat

Dear Resident / Business owner,

Balfour Beatty is working in partnership with East Sussex County Council to manage the highways service across East Sussex. As part of this, we will be carrying out carriageway improvements on the A259, East Dean Road, Exceat.

When do they start?

Work will be carried out from **Monday 16 June to Friday 20 June 2025**, between 8pm to 6am each night.

We will inform you of any changes to the dates or times via advanced warning signs on site.

What are we doing?

These works involve targeted carriageway patch repairs and the installation of high friction surfacing (HFS).

How will this impact highway users?

The team will be working from the junction of Litlington Road to the Seven Sisters Visitors Centre.

Access will be restricted to residents while we are working, with traffic diverted via the A259, A26, A27, A2270, A259 and vice versa.

If you need vehicle access, please approach the closure point and speak to the site team. This is for access only and there will be no through route. There may be a slight delay while we make it safe for you to pass, and your vehicle is escorted by site marshalls. Access for emergency vehicles will be maintained at all times.

Information for residents and businesses

Parking: We will put out 'no parking' signs and cones on the site to advise where parking is restricted. Please avoid parking in these locations as it will delay our works.

Weather: All of these works are subject to favourable weather conditions, for example heavy rain may affect the progress of the works.

Public Transport: Local bus services have been informed of these works and will be diverted.

Properties close to the carriageway may experience a temporary disturbance as this can be a noisy process, and they may be flashing lights and reversing sirens.

We would like to take this opportunity to apologise in advance for any inconvenience or disruption this work may cause, however this forms part of our continuing improvement for the East Sussex highway network. Should you have any concerns regarding these works, you can contact us at eshcomms@balfourbeatty.com.
